Every family and especially those who reside in the country should be provided at all times with a bottle of Chamberlain's Linctoid. There is no telling when it may be wanted in case of an accident or emergency. It is most excellent in all cases of rheumatism, sprains and bruises. Sold by all druggists.

DRINK MILK---DRINK PLENTY OF IT---DRINK EL PASO PURE--MILK

There is more food value in one quart of El Paso Pure Milk than there is in one pound of the choicest porterhouse steak. El Paso Pure Milk is pure milk, it comes from inspected, contented cows, and is treated by the most scientific methods. Delivered to you in sterilized air-tight bottles.

HERALD WANT AD RECOVERS WOMAN'S DIAMOND WORTH \$200 IN FEW HOURS

Mexican Workingman Who Finds It Refuses to Accept Any Reward.

A few cents expended for a want ad in The Herald Saturday afternoon recovered for the owner diamond earring valued at \$200. Beyond the monetary value of the jewel, the piece had a sentimental value for the owner, it having been in her possession for 20 years.

The earring was lost by Mrs. Syd-

ney Hockett, who resides at the Lucerne apartments, Saturday afternoon while going to Mexico on a street car. On returning to the American side, she discovered her loss and promptly inserted a want ad in The Herald.

Within a few hours the jewel had been returned to her by Jesus Costillo, a Mexican, who had picked it up on the bank of the irrigation canal near the river. The finder had seen the advertisement of the lost article in The Herald and the diamond was again in Mrs. Hockett's possession within a few hours after she had lost it.

Costillo refused a reward, as now it's a shame to point the moral.

BELL COMPANY BUYS TOLL LINES LEADING TO SILVER CITY, N. M.

The Tri-State Telephone and Telegraph company now owns the toll lines of the Silver City, El Paso and South-west Telephone company.

The transfer was made Tuesday morning at 10 o'clock and the calls which went over the automatic telephones for Las Cruces, Deming and Silver City were made through the Tri-State (Bell) lines.

The purchase was made of the toll lines in order to accommodate the pa-

trons of the Tri-State company until the toll lines which this company has proposed to build can be completed.

The toll lines which were acquired by the Tri-State company are those which have been operated through the Independent Telephone company's automatic exchange. The transfer of the physical properties were made Tuesday morning and the lines are now being operated by the local Bell company.

You Know That "Grassy Taste" That You Get In Very

Much of the May and June butter. It comes, of course, from the long waxy grass that the cows eat in spring grazing.

You don't like it. Perhaps you've come to look upon it as something that you must put up with, whether you like it or not.

But that isn't so. Creamy deliciousness without that rank flavor is obtained when you buy Sedgwick Creamery butter. It's the best butter that can be made by the finest of all American butter makers. Choicest pasteurized only, which means richest cream—and then expert butter making.

Sedgwick Creamery butter goes to you with every protection that sanitary science demands. It is not only the most creamy delicious butter that can be made, but it comes to you absolutely fresh and perfectly protected.

FEDERAL OFFICERS HOLD AN "UNKNOWN"

Is Unable to Understand any Language--Says "Bo-g-e-u."

"Bo-g-i-o-u?"

"What-is-it?"

Immigration authorities would like to know for they have the what-is-it himself. He was found Saturday at Berlin, Tex., in a box car with nine other Chinese, only he is not a Chinaman. He looks like a Chinaman, only he doesn't. He is a "what-is-it?"

When the 10 "whats-is-its" arrived at the local detention station, the Chinese interpreter found that one of them didn't comprehend his particular variety of language. They tried Spanish on the man, a little French, and finally, in despair, some English. But it was no use.

At last the "what-is-it" grasped a pencil and wrote a line of turkey tracks, not up and down as do the Chinese, but across the paper in English fashion. Then he said "bo-g-i-o-u" and that was all. He was shown a map of the world but did not recognize it.

If anyone in El Paso can talk Bo-g-i-o-u, to Bo-g-i-o-u, or knows Mr. Bogliou, let them him to the immigration station and disclose the mysterious identity of the what-is-it.

DOUGLAS SCHOOL GRADUATES TWO

Negro Students Give Musical and Literary Program at Court House.

Nearly every available foot of space in the 41st district court room was occupied Monday night by students of the Douglas negro schools and their parents and friends who were in attendance to witness their graduation exercises. Several of the front rows of seats were occupied by white people.

Two graduates, Mary Ella Foster and Clifton Lee Farrer, received diplomas from professor N. R. Crozier, the newly elected superintendent who took the place of president Carpenter on the program owing to the latter's absence from the city.

The program throughout was well arranged, the music was a great improvement over that of previous years and showed a wonderful grasp of technique by the young children who participated.

"The Crimson Glow of Sunset Fades," a double trio in which Bessie B. Scott, Viola K. Cleveland, Mary Steptoe, Lushia M. Adams, Luella M. Williams, and Tammie D. Darden appeared, was easily the feature of the evening.
